New peril from birds

By GARY SCHNEIDER
Press-Record Staff Writer

During the summer, birds were feared throughout the country as carriers of encephalitis, but recent studies have disclosed the birds now harbor even deadlier diseases which are beginning to appear throughout the country, including this area.

Health officials first began to attack pigeons after it was found that 35 per cent of the pigeons in Philadelphia and 45 per cent of the pigeons in Chicago were carriers of psittacosis, or dread parrot fever, which in acute cases can be fatal.

Tests then showed that other birds, including starlings and sparrows, are carrying the disease, and even the household

New Year to bring changes

Nineteen seventy-six...the U.S. Bicentennial, higher postage rates, almost countless election decisions, income tax returns, contrasting economic and employment forecasts, and much more.

The revelry this evening will herald the year in which the nation will commemorate its 200th birthday.

It also will be the year of the "Super Shot," the latest money-luring attraction of the successful but controversial Illinois state lottery. Officials hope to sell 10 million to 12 million tickets at \$1 each over a 12-week period beginning Jan. 13.

"Super Shot" selections will be made on Fridays, with two

\$300,000 recipients to be named at the end of the 12 weeks.

Most federal taxes will remain the same, but starting tomorrow the Social Security tax will resume its upward climb. The basic rate remains 11.70 per cent—5.85 per cent each for employer and employee—but the salary base against which it is assessed will rise from \$14,100 in 1975 to \$15,300 in 1976. For more than 19 million Americans, the contribution will rise from \$824 to \$895.

On Jan. 1, the Illinois hourly minimum wage for adults will rise from \$1.90 to \$2.10 and the

Right-of-way acquisitions for construction of the southern sector of the Maryville Road extension from Pontoon Road to Highway 162 should be completed "within a matter of weeks," clearing the way for beginning construction in early spring, Granite City Mayor Paul Schuler said yesterday.

The mayor said the city needs to complete transactions for only two pieces of right-of-way to permit construction of the proposed new roadway, and that negotiations are virtually complete for both tracts.

One, he said, is located at the corner of Terminal Avenue and Maryville Road, involving property on which the Veterans Administration holds the mortgage. In this case, the mayor said, VA has agreed to a \$3,000 settlement for a triangular easement, and that the city is awaiting approval of the settlement by the Illinois Department of Transportation.

The mayor said he expects to meet soon for further negotiations in the city's purchase of an easement at Highway 162 and East 23rd Street, owned by Udell Bischoff. Schuler said the city expects to reach a settlement in the negotiations without resorting to condemnation proceedings.

Under terms of an agreement with Madison County which is to handle the construction project,

Closings on Thursday to mark holiday

Quad-Cityans will observe New Year's Day Thursday with the traditional closing of businesses, offices and most stores. Schools have been closed since Dec. 23.

Government offices, federal, state and local, will observe the holiday, but all will reopen for business as usual on Friday except the Madison and Venice city halls which will remain closed to provide a four-day holiday.

The Madison County courthouse at Edwardsville will reopen for regular office hours on Friday, as will the Illinois State Employment Service and the workmen's compensation and unemployment divisions.

The Drivers' License Examining office also will reopen Friday.

Post offices in Granite City, Madison and Venice will follow holiday schedules Thursday, but will provide box service from 8 a.m. until 3 p.m.

Pupils of public and parochial schools will end their Christmas and New Year's holiday vacations Monday, returning to classes for regular schedules. Public schools are scheduled to close Feb. 12 for Lincoln's birthday, and are tentatively scheduled to close March 23 and 24 for half-day parent-teacher conferences.

DANGEROUS DRAINAGE DITCH flowing south from tanks in the background onto the Granite City Army Installation golf course, which contains a level of a caustic chemical high enough to burn skin. Darrel A. Royer, 11, was severely burned this week

when he jumped over the ditch and one leg sank into the muddy bank. County, state and federal environmental officials are attempting to determine the source of the chemical in the ditch.

Alkali burns 5; line tested

Tri-City Regional Port District property near the Chain of Rocks Canal levee and Rock Road is bustling with activity this week as environmental officials attempt to determine the source of a caustic chemical in a drainage canal. The alkaline substance has burned at least five persons, including four children.

Darrel A. Royer, 11, of 2814 W. 22nd St., underwent surgery Monday at St. Elizabeth Hospital to clean burn wounds to his right ankle, foot and leg.

It is not yet known whether skin grafting will be necessary. He jumped over the ditch Sunday and his right foot sank in the mud.

Lynn Spence, a photographer for the Post-Dispatch, also was hurt Monday while at the ditch; one leg sank in mud above the top of his boot. He completed his assignment before being treated for chemical burns which caused blisters.

Much of the attention of county officials this week centered on the area surrounding a 300,000-gallon tank containing a solution with 30 per cent sodium hydroxide, a caustic base substance which tests showed was in water in the ditch.

Agency and the sheriff's office and we can find no signs of a leak," Lewis commented.

"We are reasonably sure it (the chemical) came from here, but we do not know where or how," he added.

Lewis examined the drainage canal with deputies, commenting that caustic soda, or sodium hydroxide, is not that dangerous, unless left on skin for a long time.

To demonstrate his point, Lewis plunged an arm in the mud at the edge of the ditch,

entirely. Both were admitted to St. Elizabeth Hospital.

A third boy with them, Ricky Elmore, 13, of the 3000 block of Cayuga St., suffered minor burns and was released after treatment.

Dodd's mother, Ruth, said the family understood then that authorities had notified the Madison County sheriff's office of the problem in the ditch. Apparently no successful corrective action was taken at that time.

Paul Hawkins, pollution

control administrator for Madison County, spent much of Monday and yesterday at the ditch, attempting to determine the source of pollution in the stream.

Yesterday, an official of the U.S. Environmental Protection Agency joined him to take samples of the water to determine whether the chemical can be neutralized.

The ditch runs through the Tri-City Regional Port District harbor area property and south

Bicentennial look back—local area called 'garden of world'

(First of a Bicentennial Year Series)

With tomorrow starting 1976, the year in which the United States marks its 200th birthday, the history of this region is receiving increased attention from Quad-Cityans.

Only sparsely settled at the time the nation was being established, Madison County nevertheless traces its formal history for a period of more than 163 years, from September 1812. And its area played a key historical role, even before America's independence was declared in 1776.

The following account of early Madison County history was taken from the Gazetteer of Madison County written and published by James T. Hair in 1866:

The County of Madison, so named probably after the President of the United States, during whose administration it was organized, lies just below the 39th degree of north latitude on the west of Illinois.

This vast region appears to have been first heard of by the French Jesuits in 1656, from a party of Algonquians, who accompanied two young French men on their return to Quebec, after two years wanderings in the wilds.

These informed the inquiring fathers that there were a great number of nations inhabiting the country about what is now called Green Bay, but which is marked on the Jesuit missionaries' map of 1670-1 as the "Baye des Peaux."

Among these they enumerated the Liniouk, a word in which subsequent historians have recognized an

attempt at representing the name afterwards spelled Illinois.

In an enumeration of Indian tribes made in 1688, we find a similar attempt in the word Alinouiok.

Again, in the Relation of 1660, we find mention by hearsay from the Indians of "the great nation of the Alinouiok" living on the banks of a great river, and in that of 1667 of the Illinois, a tribe believing in a "great and good spirit, who made Heaven and Earth."

In the Relation of 1670, we find the Illinois enumerated among the nations connected with the "Mississipi du Saint Esprit" on Lake Superior.

In 1671, there appears the same spelling in a chapter entitled "Some particulars of

Pipe leak suspected

Pressure tests conducted yesterday by Apex Oil Co. officials at the Tri-City Regional Port indicated there may be a leak in the underground pipe to a 300,000-gallon tank containing a substance with 30 per cent sodium hydroxide content.

That chemical has been found in a drainage ditch on the port property in which five persons received chemical burns.

Lloyd "Red" Lewis, terminal supervisor for Apex at Granite City, told the Press-Record today, "We are assuming there is a leak in that line and we are digging it up today."

He said the line was installed in 1964 and has flanges, or joints, every 10 feet.

Lewis noted that efforts to flood the ditch with water have been continuing since Monday. The chemical has been neutralized to an acceptable level and may be discharged into the Mississippi River today, he added.

The Tri-City Regional Port District has instructed its port manager, Carl A. Rant, to immediately undertake a complete investigation to determine all possible sources that may contribute any material—liquid or solid—to the drainage ditch running through the port area, including a full and complete survey of the facilities and operations of all of its tenants.

Yule drive at \$23,600

Final tabulations are being made this week by Salvation Army Captain Mitchell Tompkins of donations to the traditional Tree of Lights campaign.

The figures released this morning show the fund to aid needy families at Christmas and afterward now stands at \$23,600.

The amount is reflected by the 944 bulbs glowing on the symbolic tree in the 1300 block of Civic Park in the 1300 block of

Niedringhaus Avenue.

Contributions to date have exceeded the \$20,000 campaign goal set by E. A. "Drew" Karandjeff, drive chairman, noted in praising response to the appeal by area residents.

Funds collected in this year's drive not only have helped local families in need at Christmas, but will continue to aid those people in distress after the immediate holiday season is over, Karandjeff noted.

Nameoki Presbyterian services

"By-ways to the Bicentennial" will begin Sunday at the Nameoki Presbyterian Church when the message will be "The Lost Colony."

The series of sermons will deal with the challenge and hope of the Christian faith in a faith-filled manner, according to the Rev. Don F. Pierson, pastor.

Two drivers were injured in a three-car chain-reaction accident at the east end of State A-100 at Route 157 at 11:20 p.m. Tuesday.

Injured were Robert C. Thomas, 22, Collinsville, and Peter A. Gutgesell, 65, Collinsville, drivers of two of the cars. They were taken to ambulance to St. Elizabeth Hospital here.

The third driver, Ronnie J. Smith, Collinsville, escaped serious injury.

Witnesses said Smith's car was stopped at a stop sign when Thomas' car skidding behind it when Gutgesell's auto struck the rear of Thomas' car, pushing it into the stopped car.

Thomas suffered a back injury, pain to his forehead and numbness to his left hand. He was transferred to St. Louis Regional Hospital, St. Louis, where a neck collar was to be applied.

Gutgesell was admitted to the hospital here with multiple cuts to his forehead and left hand. A series of x-rays was taken.

Madison burglary suspect charged

Madison city detectives and Glen Carbon police arrested Mark D. Harris, 19, of Glen Carbon, in his home at 2 a.m. Tuesday, charging him with the alleged Dec. 29 burglary at the East Side Terminal Credit Union in Madison. Harris was released to the Madison County Sheriff's Department pending further action.

Some of the items taken in the credit union burglary were allegedly found at 10 p.m. Sunday in the YMCA room of Gregory L. Andrews, 18, who was charged with the alleged burglary of a car inside a truck belonging to Robert Jackson of Granite City, authorities said.

STRIKES HEAD IN CAR

Robert D. York, 18, of 1481 Highway 162, struck his head on his car's windshield during an accident near Collinsville and was treated at St. Elizabeth Hospital Monday. X-rays were taken of his skull and spine and he was released.

PAUL DRIVE BURGLARY

A television and a shotgun, valued at a total of \$600, were stolen from the home of Roy Morean, 7 Paul Drive, Mitchell, it was reported Tuesday. It is not known how entry was gained.

\$1,000 BURGLARY

Items valued at about \$1,000 were stolen from the home of Ivan Northcutt on Rock Road, it was reported at 7:10 p.m. Tuesday. Stolen were a television set, a shotgun, a rifle and a wristwatch. A door was forced open to gain entry.

TELEVISION STOLEN

Leo Holman, 926 Madison St., Venice, reported to police that he returned to his home at 4:25 p.m. Tuesday and found the back door of his home kicked in and a 20-inch black and white portable television taken.

HURT IN AUTO CRASH

Paul Milosevich, 18, of 2657 Benton St., struck his head on his car's steering wheel and was treated at St. Elizabeth Hospital Monday. X-rays were taken of his nose, spine and skull and he was released.

THEFT FROM CAR

The auto of Richard Risner, 788 Old Alton Road, parked in his driveway, was broken into, a tape player and some tape recordings were stolen, he reported Tuesday morning. The value of the stolen items was estimated at \$416.

Madison revives detective team, rehires officer

By WALTER STRANGE
Press-Record Staff Writer
The Madison City Council met Tuesday night to give Mayor Mike Sasyk authority to continue for a second year a joint Madison-Venice detective team project funded partially by federal monies channeled through the Illinois Law Enforcement Commission (ILEC).

The council withdrew from the project at its Nov. 25 meeting due to a projected lack of city funds.

Continuing the project will cost the city between \$8,000 and \$10,000, Mayor Sasyk reported at the Nov. 25 council meeting.

Due to the fact that Madison policemen waived several of their benefits such as overtime pay and court time pay and made an offer to contribute monies from the Police Benevolent Unit 110 treasury, it was felt by the council that enough money could be saved to finance the city's portion of the cost for another year.

Madison Patrolman Pete Kostecki, who was laid off when the grant was cancelled, was to be sent a registered letter today informing him that he may return to work if he desires.

The Street and Fire departments also voluntarily agreed to cut-backs in order to help the city solve some of its financial problems.

Third Ward Alderman Ronald Grzywacz, who was elected by the council to serve as acting mayor due to the illness of Mayor Sasyk, said the action to reinstate the detective team grant would place another uniformed police officer on the street and allow the detective team to continue functioning in the effective manner it has.

Several aldermen expressed concern over tree roots pushing up sidewalks and causing possible sidewalk hazards. Mayor Grzywacz referred the matter to the aldermanic Street and Alley Committee and the Street Department for a solution.

The question of additional trash pickup on Market Street in the Gretna and Gretna Homes area was referred by Grzywacz to the aldermen of the second and first wards. He suggested they meet with the street superintendent to see if additional pickups could be made in that area due to the high volume of trash caused by the density of the population there.

Bird diseases

(Continued from Page 1)
parakeet was a source of infection.

The disease, as well as the respiratory ailments ornithosis and histoplasmosis, can be carried to humans by inhaling the dust from dried bird droppings. The dust can be brought into a house by a dog, stay in the carpet and be picked up later by children playing on the carpet.

The germs, or the fungus in the case of histoplasmosis, can enter the human body through the mouth, nose, eyes, a cut, or other opening and fever, severe chills, chest pains, vomiting and other symptoms are quick to follow.

"The dust can be carried by the wind and one very small particle carrying the disease is enough, if inhaled, to infect a human."

A U.S. Public Health Service spokesman estimated that more than 30 million persons are infected with psittacosis, histoplasmosis or ornithosis each year, and the number is increasing by 10,000 a week.

The spokesman said most cases probably are due to bird droppings, but some are caused by virus pneumonia, unless blood samples are tested. Doctors are becoming more aware of the diseases and their symptoms as the numbers of cases continue to grow.

"Although cities with large pigeon populations and farms with chickenhouses have the highest danger, no area is free from the disease as tests on birds of all types have shown the diseases are being spread nearly everywhere."

"Health officials have been alerted to watch for the bird diseases and a few exterminating companies in Granite City are offering a

program to keep birds out of customers' yards and off buildings.

In Alton, workers at the Alton Locks and Dam, have been plagued by diseased pigeons and two cases of the dread parrot fever have been diagnosed.

Orkin Exterminating Co. of Granite City has been employed to "bird proof" the dam and protect the workers.

The local firm also has been hired by the East St. Louis public schools and by several industries to get rid of the birds and protect the workers from diseases associated with the birds.

University City, Mo., also is experiencing a severe problem with bird-related diseases and is taking steps to protect the residents.

There have been reports of one recent case of psittacosis in Granite City, but the reports could not be confirmed.

Diseased birds, with swollen heads and other symptoms, have been seen here. The method used in "bird proofing" an area consists of spreading a non-toxic substance which the birds eat, but do not like. The birds seek food elsewhere without being harmed, it was explained.

There are no sure ways to avoid the diseases. With encephalitis, persons are warned to take precautions against being bitten by mosquitoes, which carry the virus from birds to humans.

But with the diseases carried by bird droppings, even face masks are not total protection. Health officials are warning people to avoid breathing heavy dust, especially in areas where birds are known to roost, and to warn children not to play with pigeons, birds or bird droppings.

Maryville Rd.

(Continued from Page 1)

Granite City is to furnish all easements in that part of the roadway extending through the city. The county has acquired all of its right-of-way in the unincorporated area through which part of the extended highway will pass.

According to Dave Dietzel, assistant county superintendent of highways, the county is awaiting a court order in the case of the highway easement, but this is located on the northern section of the proposed highway construction which is not expected to be built until next fall following completion of the southern sector.

Dietzel said that contracts will be called in two sections, one from Pontoon Road to Clark Avenue, and the other from Clark to Highway 162, the latter section to be built first. Four-lane highways divided by a median will be constructed over the entire route.

The proposed highway is planned as a two-lane highway project and presently is estimated to cost about \$3 million. The state will be financed with motor fuel tax funds by both the county and the city.

Granite City encountered delays in working out its financial phase of the project because of the shortage of motor fuel tax funds. The MFT account has been hard hit during the past year by the Johnson Road improvement, a program of intersection and traffic signal installations on Madison Avenue and the necessity of paying of a \$250,000 bond for the improvement of Nameki Road nearly ten years ago.

The city was able to revive its financing plan in October 1974, however, when the county offered to advance construction costs for the share owned by the city to be repaid by the city as its motor fuel tax funds became available. Granite City receives monthly allocations of the taxes from the state.

The proposed new highway would extend almost directly southward from Pontoon Road generally following a path that would encompass the presently paved section of Maryville Road from Strafford Lane to St. Clair Avenue. This is a matter of only a few blocks.

The construction would provide a traffic route around the eastern edge of Granite City that would absorb much of the traffic forced to go through the heavily trafficked Nameki area and the business district to reach highways in the southern part of the city.

Break into park center

Nothing was believed stolen during a break-in at the Granite City Park District (Lincoln Place) Community Center, 948 Niedringhaus Ave., which was discovered at 1 p.m. Monday.

It is suspected someone either hid in the building when it was closed for the night or unlocked a rear window during the day and later entered by opening the unlocked window from the outside.

An equipment cabinet was forced open and the door to the supply room was kicked in, but officials could not determine if anything had been stolen.

The country came under French control and remained until 1763, when it passed into the hands of the English for a period of 15 years, and then by the Treaty of 1763, passed to the U.S. government in 1776.

In 1780 by division of territory it became part of the Indiana Territory, which in 1800 was converted into a state.

It was under the Illinois Territory that the County of Madison was organized. Previous to that period, we have first the County of St. Clair organized by Governor St. Clair in person at Kaskaskia in the year of 1790.

Six years later perhaps, in 1796, the County of Randolph was organized. The first legislative body of the North Western Territory convened at Cincinnati in 1800, we find according to Burr's Notes, St. Clair represented by Shadrach Bond and Randolph by John Edwards.

"The Western Annals" differ in giving Knox County, including the Illinois county, as represented by Shadrach Bond. St. Clair County as organized in 1790 included the present territory of Madison. But the respective limits of St. Clair and Randolph between 1796 and 1812, I find nowhere given.

On the 10th of September, 1812, the County of Madison with others was organized by proclamation of Governor Edwards.

Its exact limits at that period are difficult to ascertain. Governor Reynolds in a letter to the writer in 1861 says, "I think the original limits of Madison County, when Gov. Edwards & Co. formed it were, bounded on the south by the line dividing townships two and three north and on the west by the Mississippi."

According to the map of Illinois and Missouri published by Tanner in 1823, it comprised in that year the same territory it now contains with the exception that townships 5, 6 and 7, were all within its limits.

At that time, 1823, if we may rely upon, the authenticity of Mr. Tanner's map, the towns of the county were Troy, Marine Settlement, Madison, Median, northwestern of Marine Settlement, Edwardsville, Paddock's Settlement (below the mouth of Wood River), Gibbler, (above the mouth of the Wood River), Milton, Lower Alton, Upper Alton and Salu, the respective limits of which were marked down in township 5.9.

Monk's Mound was translated half a dozen miles, and set down near the spot where Nameki Station now is.

In 1825, by act of the legislature, a tract of country 18 miles long by 20 wide and embracing parts of the present counties of Macoupin and Montgomery, was attached to Madison temporarily.

In 1843, eighteen sections on the northeast part of the county were by legislative enactment set off to Bond County.

Since that period, no changes have taken place in the boundaries of the county, except those made by the Mississippi, or rather its great confluent the Missouri.

As of 1866, the 24 townships total 40,315.56 acres or 720.80 square miles, being about one-third the size of Delaware and one-half of Rhode Island.

The natural features of the county are more strongly marked than in the interior of the state.

The majestic bluffs of the Mississippi tower, a rocky wall, along its shore from the mouth of the Illinois to Alton, and then sweeping inland around the great "American Bottom" round their fronts into grassy slopes, hills that descend gently to the fertile fields that stretch out below.

From these one may look across upon the wide deep forests and distant hills of the Missouri or upon the rich fields and waving harvests and dotted lakes of the great "American Bottom."

Farther inland we find the rich lands of Ridge Prairie, the Nation of the Illinois, and more especially of their natural goodness and kindness.

Mention is made in the "great river called the Mississippi" of "the great extent of country without trees or wood," and of persons who had been in their territory.

Through this twilight, we come to the period of actual discovery of the country. Marquette in 1673, the settlement of Kaskaskia and Cahokia about 1683, the same year that Philadelphia was settled.

The country came under French control and remained until 1763, when it passed into the hands of the English for a period of 15 years, and then by the Treaty of 1763, passed to the U.S. government in 1776.

Bicentennial

(Continued from Page 1)

Leroy Jackson, 39, East St. Louis, is being held in the Venice City Jail following a charge by Venice and St. Louis police to East St. Louis Tuesday at 3:30 p.m.

Venice police, while on patrol, observed a license on a black over green Mercury and learned the plate was stolen and belonging to a Granite City resident who owned a 1967 Buick.

Police attempted to stop the vehicle which headed south toward Brooklyn on Route 3. The Brooklyn police chief fired six shots at the man as he ran behind a building.

Venice police encircled the building and took the man into custody.

A motor number check was made on the auto and police said it was listed as stolen from a Harold B. Caddell of East St. Louis.

pronounced by a veteran after 60 years' observation to be the finest of the state, and looking still the grove crowned eminences of the rolling prairies about Highland, the whole diversified by streams and forests.

The forests and prairies are more suitably distributed than in most parts of the state, scarcely any portions of the county being without an abundant supply of game.

There is considerable oak, be being consisting mostly of oak. The soil in the county is mostly of excellent quality—and in the American Bottom, extending from near St. Louis, a distance of more than 30 miles through the county it is of almost unsurpassed fertility.

The most important streams in the county are the Mississippi, forming the western boundary, the North and Little Piasa, Wood River, east and west forks, Indian Creek, Paddock's Creek, Judy's Creek, Calica Creek, Silver Creek, Canteen Creek, and Sugar Creek, besides other small streams.

Long Lake and Horse Shoe Lake are two small bodies of fresh water in the southwestern part of county.

The latter appears in the old transcripts of titles under the name of Marais Menou.

The principal prairie, whose names are now however fast fading away, are Scarritt's Prairie, Round Prairie, Little Prairie, and Erie, Gilham's or Wet Prairie, Paddock's or Liberty Prairie, Swett's Prairie, Ridge Prairie, Looking Glass Prairie, Sand Prairie, etc.

Near the southern border lies the principal of these large natural formations known as the "Cantine mounds," and to which the learned and the credulous have generally inclined to assign an artificial origin.

Even the learned author of the "Archaeology of the United States," says, "The large mound developments, formerly existing on the Kaskaskia and Cahokia Rivers in Illinois, display traits of the Toltecans of building and of their religious and mythical ideas."

The one in question is the Monk's Mound, so called from having been for a few years the residence of the monks of La Trappe.

It is a quadrangle of earth six hundred yards in circumference, and perhaps one hundred feet high, on an island of some primeval lake, which may have been used, by savage as well as monk, for religious uses.

The names of the towns of the county we have enumerated, Alton, Upper Alton, Greenwood, Monticello, Fosterburg, Emerald, Collinsville, Edwardsville, Bethalto, More, Troy, St. Jacob, Marine, Alhambra, Greensville, Highland and New Douglas.

The post offices are Alhambra, Alton, Bethalto, Collinsville, Dorset, Edwardsville, Fosterburg, Godfrey, Highland, Lamb's Point, Madison, Marine, More, Monticello, Ompherville, Paddock's Grove, Ridgeley, St. Jacobs, St. Morgan, St. Theodor, St. Louis, Troy, Upper Alton, Venice and Wardsburg.

The election precincts are: Alhambra, Alton, Bethalto, Collinsville, Edwardsville, Fosterburg, Highland, Looking Glass, Madison, Marine, Monticello, Ompherville, Saline, Silver Creek, St. Louis, Troy, Upper Alton, White Rock.

Sacred Heart Altar Society dinner

Mrs. Margaret Kwiatkowski was installed as president of Sacred Heart Altar Society at the society's gala Christmas party held at the Officers Club at the Granite City Army Installation.

Installing officer Mrs. Gerie Petty presented Mrs. Kwiatkowski a bouquet of roses during the ceremony and gave floral arrangements to the other newly elected officers: Mrs. Mary Jane Bess, vice-president; Mrs. Elsie Hawk, secretary; and Mrs. Carol Squires, treasurer. All will assume their duties on Jan. 1.

Mrs. Petty, speaking for the membership, thanked the retiring officers for their services and presented each with a bouquet of roses. Those who have served the past year, include: Mrs. Marie J. Prehn, president; Mrs. Mary Jane Bess, secretary; Mrs. Kathy Foster, treasurer and Mrs. Cecil Cruse, vice-president.

Mrs. Valerie Stevens, vocal music director for the Madison School District, conducted the evening's entertainment, directing 75 Madison music students, Grade three through high school, in a variety of Christmas selections.

The performance included traditional and novelly choral singing and solos, ballet and tap dancing, baton-twirling and bell-ringing numbers. Mrs. Stevens was their organ accompanist.

The green and white uniformed Madison High Choral Group was directed by Mrs. Dolores Folkerts and accompanied by Mrs. Stevens.

Seated at the head table with the current officers were Father James P. Hill, pastor of Sacred Heart Church; Father Charles Neuman, associate pastor; the Rev. Michael Inyard and Mrs. Stevens.

Mrs. Marie J. Prehn presided over the evening's festivities, and presented Father Hill a special gift for the church.

Individual gifts also were received by the Rev. Hill, Father Neuman, Deacon Inyard, Mrs. Kathy Foster, church secretary and Mrs. Toni Dolosic, rectory housekeeper.

A special gift from the Sacred Heart women was presented to Sister Mary Karla of the Dominican Sisters at the local church. Sister Mary Karla, Sister Barbara Mary and Sister Mary Ruth, were the society's guests.

Individual tables were decorated with pastel colored and jeweled miniature angels clustered around small pine cone trees and trimmed with tiny Christmas balls.

MADISON VOCAL STUDENTS at the Sacred Heart Altar Society's gala Christmas party. They were among 75 Madison pupils from Grade 3 through the high school level who performed traditional and novelly vocal selections, dance numbers, baton twirling routines and bell ringing. Shown with the students is Mrs. Valerie Stevens, second from left, Madison vocal music director and accompanist, who arranged the entertainment.

Project prizes were won by Mrs. Irene Argelan, Mrs. Kathy Hagnauer and Mrs. Catherine Michel. Table gifts were received by Mesdames Jeanette Loyet, Marianose Lambert, Gerie Petty, Pam York, Frances Vivod, Pat Fitzgerald, Elsie Hawk, Marie Stanek, Anne Walker, Irene Kovach, Cecilia Loyet, Mary Jane Bess, Stella Mucho, Jo Elaine Foster, Mary Kristian, Ruby Ranger, Virginia Duccini, Marion Kristowski and Deacon Mike Inyard.

Also present were Mesdames Helen Bertacchi, Betty M. Gac, Catherine Duccini, Marilyn LaCook, Mary Lapinski, Marie Bertacchi, Sylvia Zabawa, Maggie Williamson, Karen Dolosic, Teresa Alexander, Mae Gerbig, Barbara Walker, Kathy Frazer, Carol Schwielerjohn,

Marie Perry, Grace Hennrich, Pat McKee, Anna Michels, Olivia Bergschneider, Mary Hayvon, Toni Mueller, Ann Vasquez and Mattie Sotiroff. Co-chairmen for the party were Mrs. Betty M. Gac and Mrs. Mary Kristian. Committee members included Mesdames Pat Konzen, Betty Struckhoff, Barbara Walker, Maggie Williamson and Pam York.

Watch service at Bethesda Temple

Beginning at 7:30 tonight, a New Year's Eve watch service will be held at the Bethesda Temple, 22nd and State streets. It was announced by the pastor, the Rev. Charles Browning.

Area ministers will be guest speakers at revival services scheduled on the next five successive nights, the Rev. Browning said.

The public is invited to attend all services at the church, the host pastor said.

Riverview wins GC holiday mat meet, North 5th, South 6th

Neither Granite City entry in the annual GCHS South holiday wrestling tournament captured the title, but the championship did go to Riverview Gardens, coached by a former Granite City mat star, Paul Lapinski.

The 1965 and 1966 Missouri state champion school won the Granite City tourney—held before big crowds Monday and yesterday—by achieving 166 points to 146 by Pekin, 137 by Bloomington and 126 by Belleville East.

GCHS North placed fifth with 122½ and lost GCHS South was sixth with 108 team points.

Next were McCluer North 103½, Hazelwood Central 72, Lincoln of East St. Louis 66, Roxana 64, Stephen Decatur 59, Cahokia 48, Wood River 37½, Ritenour 36, Jacksonville 29½, and Normandy, 25.

Riverview Gardens also won the Granite City holiday wrestling tournament in 1971 and 1972, while GCHS South won in both 1973 and 1974. The tourney began in 1961, and the combined Granite City school was the champion in 1961-62-64-65-66.

Two GCHS North athletes earned individual championships last night—Keith Whelan (105 pounds) and Charles Taylor (126).

Other champions were Fred Mariana (90) of Bloomington, Steve Koch (112) of Belleville East, Randy Heath (119) of Pekin, Dan Murphy (132) of Belleville East, Derrick Thornton (138) of Bloomington, Mark Brown (145) of Hazelwood Central, Brian Britlin (155) of

Bloomington, Jeff Comotto (167) of Riverview Gardens, Kevin McDonough (185) of Riverview and Heavyweight Bob Taylor of Pekin.

Five GCHS South Warriors finished among the top five in various weight divisions.

Achieving second place were Darryl Hasty (138) and Steve Avedisian (155).

Third place went to Glen Moore (132), while a fourth-place finish was earned by Kevin Wilson (185). Fifth place went to Ed Fetter (145) of South High.

In addition to GCHS North's two champions, four other Stealers achieved top-five finishes.

Fourth place recipients were Chris Whelan (98) and Heavyweight Dennis Cavar. Placing fifth in their weight classes were Stealers Dave Futch (112) and Mark Widel (167).

Only in the 119-pound division were Granite Cityans eliminated before the top five positions were determined among the 16 entrants.

With 12 weight divisions included, 192 wrestlers competed. Attendance is believed to have set a new record, South Coach William Schmitt said today, despite the fact that the audience was limited to the balcony for the first three rounds Monday due to the large number of wrestlers and bouts on the Memorial Gymnasium main floor.

In Tuesday's concluding afternoon and evening sessions, spectators occupied both the floor and balcony of the gymnasium.

GCHS North was tied for first place after the first two rounds of the tourney. The Stealers and Belleville East Lancers each had 47½ points at that time. Riverview was third with 47 and GCHS South sixth with 41.

Pekin surged into the lead after three rounds with 70 points, Riverview was second with 66 and the host Warriors third with 65. GCHS North at that point was fourth with 60½.

Entering the final round of competition, Riverview Gardens had forged ahead with 144½. Pekin had 123, Bloomington 113, Belleville East 103, GCHS South 100 and GCHS North 99½.

Following are fourth round, fifth round, fourth place and round-robin championship bouts involving Granite Cityans:

98 pounds—Chris Whelan (North) won 7-5, lost 9-6, won 10-0.

105—Keith Whelan (North) won 11-1, won 11-0; Barry

Forshee (South) lost 7-4; 112—Dave Futch (North) won in 3:20, lost 9-4, lost on a decision after a 6-6 overtime bout; Sam Perkins (South) lost 3-2.

119—Jim Bledsoe (North) lost 9-4; 126—Charles Taylor (North) won 4-2, won 9-8, won 15-6, lost 8-5 in a bout that awarded third place to Brett Mariana of Bloomington; Jay Fedora (South) lost 4-2.

132—Glen Moore (South) won 4-0, won 6-4, lost 10-6; 138—Darryl Hasty (South) won 8-0, won 4-3, won 16-2.

145—Ed Fetter (South) won 9-5, won 10-5; Jim Stanton (North) lost in 3:10; 155—Steve Avedisian (South) lost 4-1, won 5-6.

167—Mark Widel (North) won in 4:27, lost 6-4; 185—Kevin Wilson (South) won 5-2, lost 5-4; Jim Shemwell (North) lost 5-4.

Heavyweight—Dennis Cavar (North) won in 38 seconds, lost in 2:23; won in 1:24; Mark Naglich (South) lost 5-2.

Results of weight-class bouts involving Granite City matmen, after three rounds (with record going into the meet indicated) were:

98 pounds—Chris Whelan (GCHS) (12-0) won 5-0, won 5-0, won 2-0; Barry Forshee (GCHS) (7-2) won 21-8, lost 4-2, won 12-2.

District free throw contest slated Jan. 17

Don Watson of Elks Lodge 1063 reports that Saturday, Jan. 17, is the date set for the district "hoop shoot" free throw competition to be held at the Pana Senior High School gymnasium.

Watson said youthful representatives of at least six of the district's eight lodges will take to the basketball courts at 10 a.m. Jan. 17 to compete for the right to advance to regional competition.

Of those representatives, 12 are from the Quad-City area—Elaine Reinegal, age 8, Crystal Nance, 9, Keith Heiman, 9, Eric Goff, 9, Gina Graham, 10, Lori Morris, 10.

Tom Miller, 11, Terry Besserman, 11, Jodi Lupardus, 12, Kathy Sikora, 12, John Bravley, 13, and Donald Keeling, 12.

Competing at Pana along with the local youths in three age groups—8-9, 10-11 and 12-13—will be boys and girls from Belleville, Carlinville, Pana, Fairview Heights and Litchfield.

Meeting on basketball for Kirkpatrick 8-12-year-olds

The Tri-City Area YMCA, 2001 Edison Ave., will host a meeting at 1 p.m. Saturday at the "Y" to review its newly

organized basketball program for boys ages 8-12 who are now residing in the Kirkpatrick Homes complex, and to seek volunteers to serve as coaches of participating teams.

Michael Tharp of the YMCA notes that each team will consist of nine players and that playing uniforms are being provided at no cost to the athletes.

Tharp also relates that, as soon as a playing site has been approved, competition will be held each Monday and Wednesday at 4 p.m. for 10 consecutive weeks.

He said the program is being initiated to not only teach basic skills of the sport, but also to help youths here learn such values as teamwork, respect, responsibility and goals of achievement.

Additional information about the program can be obtained by contacting Tharp at 876-7200 or at the YMCA.

Greyhounds fast Venice again captures the championship

The participating coaches who selected Venice as the team to host prior to the opening of the annual Freeburg-Columbia Christmas holiday tournament, held at Columbia, hit it right on the nose.

The Red Devils captured their 10th tournament title in 12 years with a 78-66 victory over the Lebanon Greyhounds last night. Venice now has a 7-1 record for the 1975-76 season.

Venice, seeded first in pre-tourney polling, and Lebanon, second, clashed head-on. The Red Devils never yielded ground to the Greyhounds, 15-18, in the first three periods but quartered as they steadily built their lead and then hitting 21 points to Lebanon's 16 in the final period.

Venice garnered one more field goal than its opponent, 28-27, and from the charity stripe the Red Devils poured it on, 22-12.

Steelers end role in Normal tourney on 70-61 setback

GCIS North's basketball team was enroute back over Granite City today after having won of the Illinois State Holiday Classic at Normal, Ill., with a 70-61 loss to Rockford West last night in a consolation contest.

Rockford led the Steelers 13-11, 40-25 and 55-33 at the quarters, though three North High players scored in double figures.

Tom Schocker had 18 points, Rick Spurlock 17 and Rodney Wortham 14. Jerry Barnett put seven points on the scoreboard, Larry Schleicher three and Tim Luehmann, two.

The victors held the edge from the floor, 25-21, and from the foul line, 20-19.

North had a slight advantage on rebounding, 31-28. Fouls were: North 23, Rockford 19.

Other consolation bracket contests played yesterday

resulted in Peoria Livestock winning 44-47 over Bowling of the Illinois State Holiday Classic at Normal, Chicago Farragut 69-60 over Bloomington, and Central Catholic 62-68 over Stephen Decatur.

Championship bracket contests saw Brother Rice playing Mendota and Galesburg meeting Normal High. Victors of these contests will play for the tournament championship tonight.

Three consolation bracket games also are slated for today, with a contest to decide consolation honors to be played at 6:30 p.m. today.

Greyhound Rodney Brooks scored 20 points and Venice's Gardner led the champions with 24.

Jaffee Woolfolk had 18 points, James Turner 17, Ricky Salmond eight, Larrick Arnold seven and James Crowder, four.

Freeburg and New Athens squared off to decide the third-place tournament game, with Freeburg emerging the victor.

Weslin High of Trenton downed Lovejoy of Brooklyn for consolation honors.

A Venice fan remarked before the tournament began last week, "If we can get past Lebanon, there's no stopping us all the way to state." This not only was the defending Freeburg-Columbia champion but also hopes to repeat as the Class A state high school basketball champion team.

Venice and Lebanon advanced into the Columbia tournament championship contest with victories over opponents Monday night in semifinal contests—Venice 83-69 over New Athens and Lebanon 70-54 over Freeburg.

The Red Devils narrowly led Monday's contest 21-18, 34-30 and 47-41 at the quarters.

New Athens gave the defending champions a scare in the final period by surging

ahead 66-65 and holding the lead for nearly a full minute before a charity toss by James Turner deadlocked the score.

A basket by Reggie Gardner restored the lead to Venice. Venice hit on seven of 12 field

goal attempts in that quarter, and tossed in nine foul shots to edge New Athens 23-22 in the fourth period. The Red Devils in the first three periods had

22 field goals. Venice overall held the edge from the floor, putting in 29 of 62 shots to the opponents' 27 goals. Each team earned 15 points on foul shots.

The most fouls, 16-15, and recovered 22 missed shots off the boards, including 11 rebounds by James Crowder. Five Venice players scored in double figures. Jaffee Woolfolk led 18, Turner 16, Gardner

15, Crowder 14 and Ricky Salmond, 10. Two consolation bracket contests were played Monday. Trenton Weslin won 51-46 over Red Bud and Lovejoy won 57-36 over Columbia.

Warriors, Trojans reach semifinals at Edwardsville with big victories

Madison and Granite City High School South are among the four schools that have survived first and second round action at the eighth annual Edwardsville holiday game tournament. They will compete in semifinal contests during the afternoon today, with the victors earning the right to vie for the trophy championship.

Madison's Trojans were to play Elk Grove at 1 o'clock today, and GCIS South was to play the host Tigers in a 2:30 p.m. contest.

Winners will meet at 9:30 tonight in the championship contest, and today's losers will compete for third place at eight o'clock tonight.

The field narrowed down from 16 schools to eight teams after first-round competition Monday, and then only four remained following yesterday's quarterfinal contests.

Madison defeated Southwestern of Platte 79-55. Elk Grove stopped defending champion Springfield Southeast 70-60. GCIS South downed top-seeded Peoria Woodruff 71-68 and Edwardsville beat Wood River 92-62.

The tournament opened Monday with Southwestern winning 69-61 over the hosts' junior varsity squad, Madison winning 72-60 over Pinckneyville, Springfield 86-56 over Bethalto, Elk Grove 82-66 over East Peoria, Woodruff 68-50 over Jerseyville, GCIS South winning 49-46 over Hillsboro, Edwardsville 98-65 over Roxana, and Wood River 71-56 over Tri-County.

Yesterday's competition started with consolation bracket contests. Pinckneyville 76-58 over Edwardsville's junior varsity and East Peoria 92-75 over Bethalto.

Then, championship bracket quarter-finals began yesterday afternoon with Madison's win over Southwestern.

Against Southwestern, the Trojans trailed 18-15 at the end of the first period but settled down in the second period to outscore the opponents 30-15 for a 45-30 Madison halftime lead.

Danny Bankhead provided fast-break dunking in the second period, and pumped in two straight baskets to put Madison on top early in the quarter.

Bankhead scored nine points in that second quarter, Randall Jones three, and Ron Williams, Edwin Garrett and Rodney Davis two each.

Madison led 37-43 going into the final period and put 22 points on the board to Southwestern's 12 to win in a breeze.

From the floor, Madison hit on 33 of 78 field goal attempts and its opponent 21 of 58. Each team made 13 free throws.

Madison committed the most fouls, 20-13, but recovered the most rebounds, 36-35, with Ron Jones pulling 12 off the boards.

Pinckneyville held the edge from the free throw line, 14-10. The Trojans committed the most fouls, 20-15, and recovered the fewest rebounds, 33-36, but had the fewest turnovers, 15-24.

Ron Jones, who led the Trojans in scoring with 25 points, pulled down 12 rebounds. Danny Bankhead had eight rebounds and Edwin Garrett and Rodney Davis five each.

Along with Ron Jones' 25 points, Bankhead scored 14 points in the contest, Garrett nine, Randall Jones eight, Jo Gulash and Davis six each and Ron Williams, four.

Randall Jones, a 20-point-per-game player, was hampered by an ankle sprain.

Warriors just before halftime cut the Woodruff lead to a slim 33-32.

South managed to overtake Peoria in the third period after Jim Nolan pumped four consecutive shots through the net, giving the Warriors a 40-33 margin with only minutes showing on the clock.

South added eight more points for a 48-43 lead going into the final period.

Woodruff made the scoring edge in the fourth quarter, 25-23, but South emerged victorious after putting in 11 of its game total of 15 foul shots.

Each team connected for 28 field goals in the contest, and

Woodruff made 12 charity tosses.

Peoria held the edge on rebound recovery, 34-24. South committed one more foul than its opponent, 14-13.

Nolan, who also had 12 points in the final quarter, had 34 points in the game. Terry Angle garnered 10, Mike McRaven eight, Frank Holmes seven,

David Rhodes six, Rick Fancher four and John Slay, two.

Consolation bracket contests resumed yesterday afternoon with Jerseyville beating Hillsboro 58-53 and Roxana topping Triad 67-60.

Two consolation games were played today and a contest for consolation honors is slated for 6:30 p.m. today.

Foul trouble leads to tournament loss for North quintet

Coach Bill Ohlendorf's GCIS North cagers discovered Monday, at the expense of a 64-48 loss to Morton High School, that a team cannot play catchup basketball with its entire starting lineup sitting on the bench.

Competing in the first-ever Illinois State Cage Classic at Illinois State University at Normal, the North High Steelers met in first-round action Morton High of the Heart of Illinois Conference.

Morton led 17-11, 37-23 and 50-35 at the quarters and a last-period effort by the Steelers failed to reduce the deficit.

Ohlendorf was forced to substitute players just minutes into the third period when first Tom Schocker and then Rodney Wortham left the game with five fouls each.

Three more Steelers—Larry Schleicher, Tim Luehmann and Jerry Barnett—left the contest on fouls midway through the final period.

Overall, North was assessed 29 fouls to Morton's 19. The victors took advantage of the fouls to score 22 free throws to North's eight charity tosses.

From the floor, Morton had only one-a-basket margin, 21-20. Schleicher led the Steelers with 16 points, Rick Spurlock and Luehmann garnered nine each, Barnett eight and Scher, Wortham and Gary Davidson two apiece.

Chicago's Brother Rice School opened the tourney Monday with a 65-48 win over University High of Normal, followed by Decatur Eisenhower's 78-51 victory over Peoria Livestock.

Victorious also on Monday were: Mendota 77-67 over Bloomington, Thorwood of South Holland 72-62 over Chicago Farragut, Galesburg 88-54 over Stephen Decatur, St. Anthony of Effingham 66-49 over Central Catholic, and Normal High School 98-56 over Rockford West.

Ice teams to start the new year at park

Madison-St. Clair County Junior Ice Hockey League players aged 19 and under will start the new year with three games this weekend at the Wilson Park ice rink, one on Friday night and two Saturday night.

Scheduled to compete Friday are Collinsville, with a 3-4 record, and Belleville, 0-7, in a 7:30 p.m. contest.

On Saturday, undefeated Alton, 7-0, takes on O'Fallon, 5-2, at 10 p.m. This will be followed by an 11:30 p.m. game between Granite City, 5-2, and Wood River, 1-6.

GRANITE CITY PRESS-RECORD

Wed., Dec. 31, 1975 Page 8

Bias charge dismissed

The Illinois Environmental Protection Agency said today that among its achievements in 1975 were \$20,000,000 in state grant offers for more than 227 municipal sewage treatment facility projects, \$5,227,227 in solid waste demonstration grants and an increase in compliance by polluters with Illinois regulations.

Dr. Richard H. Briceland, director of the Illinois EPA, said the agency's accelerated grant program is leading to substantial stream improvement which, in turn, will lead to easier purification of water.

"In addition, the agency has processed and certified federal grant applications for an additional 53 projects totaling \$149,700 in federal grant funds," Dr. Briceland said.

"If all of these projects

receive federal grant offers, 244 projects will have received assistance for sewage facilities totaling more than \$445,000,000 this year."

The EPA also initiated a new program intended to find more effective ways of disposing of and utilizing the 43 million pounds of solid waste material generated each day in Illinois.

"This year, we offered solid waste management demonstration grants totaling \$5.8 million to eight communities which had designed special projects for dealing with their refuse problems."

"One of these grants, a \$4.7 million offer to Springfield's City, Water, Light and Power, was the first state grant in the nation for construction and operation of a solid waste resource recovery and fuel supplement facility," Dr. Briceland said.

"We also had great success solving 250 pollution cases with voluntary compliance this year. We used enforcement action only when necessary—in 250 cases."

The agency was instrumental in helping to develop interim primary drinking water regulations under the Safe Drinking Water Act, which sets minimum standards to provide for safe and adequate drinking water.

"We, along with other states, helped modify the regulations in the following way:

1. "The monitoring requirements were made more reasonable and less expensive without increasing the hazard to public water supply users."

2. "State personnel's decisions concerning the operation and maintenance of a public water supply will be accepted. Their reports will not

need validation by federal officials."

3. "Those states with primary enforcement authority will run the program in partnership with the federal government, rather than under close supervision."

"We've made other progress with our drinking water. In October 1974, 60 per cent of 1,650 public water supplies in Illinois had properly certified operators. Today, 79.3 per cent do."

"Because of a state law passed in late 1974, all public water supplies were to have chlorinated their water by Dec. 22, 1975."

"The agency has been active in seeing that supplies comply with this requirement. We will continue to inspect supplies to insure that all Illinois citizens receive the protection that chlorination and other necessary precautions

provide," he said.

"As a fundamental part of our efforts to prevent pollution rather than to react after it has occurred, we expanded our construction and operating permits program."

The Illinois EPA received and processed 951 construction permit applications for new air pollution control equipment and emission sources and issued 3,565 permits for the construction and/or operation of water pollution control facilities.

Ninety per cent of municipal refuse now goes to permitted sanitary landfills.

The Illinois EPA also developed and proposed regulations to the Illinois Pollution Control Board for the following areas: storage and transport of hazardous materials, hauling of liquid waste, vehicular and sporting events noise pollution, ozone,

sulfur dioxide emissions from power plants and power plant cooling lakes.

"We put into effect our first management-by-objective program, and have set priorities for our activities in an attempt to solve the most serious health-related pollution problems first."

"We also began a special, in-depth study of long-term air pollution problems in the greater Chicago metropolitan area, the St. Louis metropolitan area, the greater Peoria metropolitan area and Macon County."

"We have taken—and will continue to take—steps to preserve and enhance our environment and will make every effort to ensure that pollution never seriously endangers the health and welfare of the people of Illinois," Dr. Briceland concluded.

Charges of sex discrimination filed against Southern Illinois University at Edwardsville by Mary Turner of St. Ann, Mo., formerly a graduate student at the university, have been dismissed by the Illinois Fair Employment Practice Commission (FEPC) and the U.S. Equal Employment Opportunity Commission (EEOC).

The university was advised of the determination by the EEOC, Chicago, Ill., district director, said, "Having examined the Illinois FEPC findings and the record presented, I conclude there is no reasonable cause to believe that the charge is true."

The determination by the FEPC was reported to the university July 29, but information concerning the matter was not released publicly because the complaint was pending before the EEOC, according to John Paul Davis, general counsel and executive assistant to SIUE President John S. Rendleman.

In the FEPC notice of dismissal, Austin Currie, Springfield, director of field operations, said, "The in-

vestigation of the charge was referred to the commission that there is no substantial evidence that the alleged unfair employment practice has been committed."

Davis said the findings "comport with determinations made through internal administrative reviews of Mrs. Turner's complaint. Although she declined to engage the hearing procedures offered her, the university conducted two administrative reviews in addition to a review that coincided with the FEPC investigation."

Mrs. Turner filed four complaints with the FEPC, alleging various acts of discrimination relating to employment at SIUE and career opportunities outside the university. One of the complaints alleged retaliation by the university in her academic program.

All of the complaints were dismissed. Her complaint now dismissed by the EEOC reiterated the charges filed with the FEPC. Similar charges are still pending before the U.S. Department of Health, Education and Welfare.

Dr. Satchell named to state pollution board

Gov. Daniel Walker on Monday appointed Dr. Donald P. Satchell, 52, a professor of soil science at Southern Illinois University in Carbondale, as a member of the Illinois Pollution Control Board.

Dr. Satchell is the first Southern Illinoisian to be appointed to the board.

He is considered an authority in the fields of soil chemistry and fertilization.

Dr. Satchell received his doctorate in agronomy from North Carolina State University in 1961 and holds master and bachelor of science degrees from Michigan State University.

He replaces Board member Donald Henss, who asked that he not be reappointed so that he could return to his private practice of law.

The \$30,000-a-year post requires confirmation by the Illinois Senate.

Dr. Satchell is to serve a three-year term. He is a Republican.

He was a faculty member at Pennsylvania State University from 1963 to 1969 with responsibilities in soil chemistry and physics, and adult education in soil fertility. He was co-leader on soil fertility research projects.

Propose regulations for stock raisers

By RON CORNWELL
Madison County
Agricultural Adviser

Illinois livestock producers have until Jan. 5 to respond to proposed revisions in regulations controlling pollution from animal feeding operations.

The new regulations are being proposed in response to a federal court order. The District of Columbia Court ruled that the Environmental Protection Agency does not have the authority to exempt operations discharging pollution, irrespective of their size.

Under present regulations, those concentrated feeding operations with 1,000 or more animal units must apply for a discharge permit. In addition, smaller operations which contribute significant pollutants can be required to get a permit.

The proposed revision would still require a permit for the larger operations but also would require permits for producers having feeding operations within a waterway through the confinement area or a man-made system that discharges waste into navigable waters. In addition, any feedlot operation which has a stream flowing through it could be required to apply for a permit.

Modern agriculture uses three per cent of the total U.S. fuel supply in food production.

Agriculture uses 4 billion gallons of gasoline, 2.5 billion gallons of diesel fuel and over 1 billion gallons of propane and butane gas.

Extra care should be taken in handling petroleum products around the farm. Farmers should be especially safety conscious in storing petroleum products.

The national code covering the proper storage of fuel on the farm states that above ground fuel tanks must be kept at least 40 feet from any building. However, some insurance companies say 15 feet in their policies. Underground storage tanks can set within one foot of the building as long as they are properly vented 12 feet in the air.

It is important to remember that cool gas from an underground storage tank will expand when it heats up in the air, tractor or gas can. Allow for this expansion when filling equipment and containers.

When using gasoline and diesel fuel, remember to let your engine cool before you start to fill it. Keep the fuel clean and have a fire extinguisher handy at all times. Avoid using petroleum products as cleaning agents as don't smoke when handling fuel.

If you should spill some fuel while filling tractors, wait at least 10 minutes before starting the engine. This avoids igniting the spill with an engine spark. Remember, observing a few safety rules around petroleum products can mean a safer and happier 1976 for you.

Farming is one of the more efficient businesses in our country. To remain competitive and stay in business, today's farmer must know which phases of his business are making money and which are losing money. By knowing this, he can make adjustments in his operation.

To help Madison County farmers with their farm operation, the 1976 Farm Record Book is available at the Cooperative Extension Service office, 900 Hillsboro, Edwardsville. Farm depreciation schedule books are also available.

To help farmers prepare their 1975 federal income tax returns, the 1975 Farmers Tax guide is available upon request.

Democrats to explain selection of delegates

John P. Touhy, chairman of the Democratic State Central Committee, has announced that Monday, Jan. 5, will be Affirmative Action Day in Illinois.

On that day, each Democratic state central committee will convene a meeting to explain the delegate selection process for choosing delegates and alternate delegates to the 1976 Democratic National Convention to be held in New York City beginning July 12.

"All Democrats in Illinois are invited to participate in the delegate selection process," Chairman Touhy said. "The details of how to run for delegate and alternate delegate will be explained at these meetings. Procedures for registering to vote will also be discussed, so that no person in Illinois who wishes to participate will be denied the opportunity."

The 169 delegates and 83 alternates to be chosen will represent the Democratic party of Illinois at the 1976 national convention. Of these, 155 delegates will be chosen from Congressional Districts at the March 16 primary along with 72 of the 83 alternate delegates.

The remaining 14 delegates and 11 alternate delegates will be chosen at a later time by the Democratic state convention. Those wishing to participate in or attend the affirmative action meetings may contact: Chairman John P. Touhy, 584 S. 2nd St., Springfield, Ill. 62701 (telephone 217-528-3471).

I-64 extension among state's highway highlights this year

The state government spent \$529 million on road construction during 1975, a tally showed today.

At the peak times in the year, nearly 10,000 persons were employed in highway work in Illinois.

Calendar 1975 was an "important and record-breaking year for the Illinois Department of Transportation, particularly in the area of road construction and development," a spokesman said.

"The department is now in the midst of a record \$791 million highway improvement program—largest in the state's history and largest in the nation. This program is estimated to provide up to 50,000 jobs in Illinois.

"Many of the state's important new routes are now

under construction. Interstate 72 between Springfield and Champaign by way of Decatur is now completed or under construction. Also, the 300-mile length of Interstate 55 is either open to traffic as a full Interstate route or under construction, except for only 11 miles.

"Key Interstate links were opened to traffic during 1975. All of Interstate 64 between East St. Louis and the Illinois-Indiana state line near Grayville, except for one mile in East St. Louis, has been opened to traffic, providing an important east-west route.

"The last link of Interstate 74 in the state, located in Moline, also has been opened to traffic.

"In all, during 1975 nearly 70 miles of Interstate highway were completed and opened to

traffic throughout the state, and over 200 miles of Interstate were placed under construction.

"On the state's supplemental freeway system, 11 miles have been opened to traffic while 53 miles have been placed under contract; 550 miles of other roads have been reconstructed or repaved, and 228 bridges have been repaired or rehabilitated.

COMPAR-A-PRICE HELPS YOU SAVE MONEY

HERE'S HOW COMPAR-A-PRICE HELPS YOU SAVE:

- 1) The unit price reduces the price per item to a common measurement for comparison from brand to brand and on different sizes within the same brand.
- 2) This is the price you pay for the item.
- 3) This is the brand name of the item.
- 4) This is the size of the package. Make sure you check both the name and the size when checking the unit price.

AND BONUS BUYS HELP YOU TO SAVE EVEN MORE PRICES FOR ILLUSTRATION

Look for the bright yellow BONUS BUY tag at your Kroger Store. These tags identify special items that will be on sale for several weeks. The date tells the last day to buy at the reduced price.

Mary Jo Conreux weds Private John W. McKay

Christmas trees and poinsettias decorated the sanctuary of St. Margaret Mary Roman Catholic Church for the wedding on Dec. 27 of Miss Mary Jo Conreux, a daughter of Mr. and Mrs. Robert E. Conreux, 2701 Whippoorwill Lane, and Army Private John W. McKay, son of Mr. and Mrs. Wilburn McKay, 604 Margaret Ave.

Father Edward Groesch officiated at the double ring ceremony at 2 o'clock in the afternoon.

Organist Taffa Hogan accompanied Brian Chastain, who sang "Time in a Bottle," "Sunrise, Sunset," "Colour My World," "Jesus Joy of Man's Desiring" and "Ave Maria."

Escorted down the white carpeted aisle by her father, the bride wore an ivory satin empire style gown fashioned with an A-line skirt and detachable train, bordered with Chantilly lace.

The high neckline and long puff sleeves were enhanced with lace inset designs.

She carried a cascade of ivory carnations interspersed with burgundy baby's breath and greenery and festooned with ivory and burgundy satin streamers.

Matron of honor Mrs. Judy Hofstot, the bride's aunt, and bridesmaids Miss Shannon Harnett and Miss Laura Conreux, a sister of the bride, selected identical crepe dresses in burgundy color.

Ivory lace created a yoke on the fitted bodices and also accented the high neckline and

long sleeves.

Each attendant carried a colonial bouquet of pink carnations and burgundy baby's breath.

Amy Hofstot and Patrick Conreux, a niece and nephew of the bride, served as the flower girl and ringbearer. She was dressed in a long train of burgundy velvet, accented with ivory lace at the neckline and on the long sleeves and bodice, and she carried a basket of pink carnations and wine color baby's breath.

Michael Turk, the bride's uncle, attended the groom as best man. Otis Lauberg, the groom's brother-in-law, and Robert G. Conreux, the bride's brother, served as groomsmen.

Escorting the guests to their seats were Mark Cleio and Kevin Patterson.

Guests were received by the newly married couple at an evening reception held at the St. Cecilia Church Hall in Glen Carbon.

Parents of the groom hosted the rehearsal dinner at Charlie's Restaurant on the evening preceding the wedding.

Both the bride and groom are graduates of North High School. The former Miss Conreux presently is attending Hickey's Business School in Clayton, Mo., and is also employed at Refractories and Furnace Supply in St. Louis.

The groom is stationed at Fort Devens, Mass., with the U. S. Army Security Battalion. His bride will join him there in April.

Retired teacher is hospitalized

Mrs. Marjorie Johnston of Moberly, Mo., a former Granite City school teacher, has been a patient at the hospital in Columbia, Mo., since suffering a stroke on Sept. 29, according to word received here.

She was moved last week to the Community Hospital in Moberly, Mo., and would enjoy the hearing from friends in the Quad-Cities. She is unable to write at the present time.

Mrs. Johnston was a special education teacher at Washington School. She retired last May after 25 years service.

Venice school programs topic of Jan. 19 hearing

A public hearing will be held on Monday, Jan. 19 at 7 p.m., in the Venice School Library to discuss the school district's proposal for continuation of the Basic and Pilot Title VII Projects geared to eliminate minority group isolation and possible discrimination, according to Mrs. Althea Cross, director of Title VII Project MICRO (Mathematics, Interpersonal Relations and Communication and Reading Opportunities).

The Title VII Amendment which is a part of the Emergency School Aid Act provides funds for three broad

purposes, Mrs. Cross explained. The objectives include:

To meet the special needs incident to the elimination of minority group segregation and discrimination among students and faculty in elementary and secondary schools; to encourage the voluntary elimination, reduction, or prevention of minority group isolation in elementary and secondary schools with substantial proportions of minority group students; and to aid children in overcoming the educational disadvantages of minority group isolation.

A district wide advisory

council has been formed and has aided in the implementation of the projects for the current school year.

Goals of the Basic Program for 1975-76 were to improve the reading and mathematics achievement of the students and to improve human relations and communication among the staff, the students and the community.

The goal of the Pilot Program was to prevent students from becoming drop-outs and/or academic failures by raising their average daily attendance to their assigned classes and by aiding them in forming and

working toward career goals. Members of the advisory committee who will be involved in developing and reviewing the proposal for 1976-77 prior to its submission are: Verla Arnold, chairman; Charlotte Dilday, assistant chairman; Pamela Glasper, secretary; and Herman Smith, Linda Freeman, Sister Bernadette, Eddie Barbee, Donna Hoover, Ila Fleig, Rosalyn Morgan, Kim Balthon, Venus Gardner, Irene Taylor, Tami Eck, Sharon Taylor, Carolyn Richmond, Terri Varner, Andrea Withers, Peggy Pier, Terrance Arnold, Gerlie Rupert, James Gortman, Sabrina White, Kerry Roberts, Lorraine Brimmage, Adrienne Pumphrey and Gloria Johnson.

Other parents working with the advisory committee include

Joyce Woods, Bettie Green, Terri Koelker, Sallie Blakely, Linda Crawford, Beatie Mae Cooper, Charlesta Dorsey, W. M. Townsend, Joyce Odom and Rose Rodriguez.

North Band Parents to meet Tuesday

Granite City High School North Band Parents will hold their first meeting of the new year at 7:30 p.m. Tuesday in the North High School library, according to the president, Harold Stoker.

The main topics of discussion will center on a band party, set for Jan. 16, and a "Pop and Pretzel" concert to be presented Feb. 2.

Parents of all band members are being urged to attend the planning session, Stoker said.

Youth repertory company forms

"The Freelance Repertory Company," a new theatrical troupe has been organized in Granite City. The group is part of the newly formed Tri-City Red Cross Youth Club and consists of high school age students from both Granite City North and South.

Fensterman. Current members of the troupe are Larry L. Libby, Dawn E. Walker, Jerry Tracy, Sasha L. Lepley, Lisa Rudolph, Gregg Reilly and Curt McCann.

A non-profit organization, "The Freelance Repertory Company" is dedicated to provide live theatre for those who rarely have an opportunity to experience it and to promote the involvement of high school age students in aiding their community, a spokesman said.

The group is currently in rehearsal for its premiere tour to take place in early February. Initially, the company will present a one act play, "Second Honeymoon," a comedy by Clajre G. Sifton and cuttings from "Indians" by Arthur Kopit and "The Sunshine Boys" by Neil Simon, plus several musical numbers.

Plans are being made to perform at such locations as the Colonades Nursing Home, Anchorage Senior Citizens Center and Colonial Haven Nursing Home in Granite City; Parkway Colonial Manor Nursing Home in O'Fallon and the Eldercare of Alton Nursing Home.

The group will accept invitations from community clubs and organizations to perform at meetings at no charge, the spokesman advised.

Honor graduate at Army school

Private First Class Michael Gagich, a native of Granite City, is the Distinguished Honor Graduate of the Army's Military Policeman (MP) School, it was announced today.

He also is the son of Mrs. Jim Maddox, 3327 Princeton Ave. Pfc. Gagich enlisted in the Army in July through the U. S. Army Recruiting Station, located at 1206 Niedringhaus Ave.

by local Army recruiter, Sergeant John Keene. The serviceman was awarded class honors at graduation ceremonies of the MP Advanced Training course at Ft. McClellan, Ala., last week.

An Army honor graduate is selected on the basis of all-around leadership, military bearing and technical expertise," Sgt. Keene said.

A June 1975 graduate of Granite City High School South, Pfc. Gagich currently is home on leave prior to his departure for Korea with the 72nd MP Battalion.

The military policeman is continuing a family tradition in law enforcement. His father, Dusan Gagich, is juvenile officer with the Granite City Police Department.

He also is the son of Mrs. Jim Maddox, 3327 Princeton Ave. Pfc. Gagich enlisted in the Army in July through the U. S. Army Recruiting Station, located at 1206 Niedringhaus Ave.

Mrs. Rains is club hostess

Mrs. Norma Rains was hostess to members of Precursor Beta Gamma Chapter, Beta Sigma Phi Sorority, at a holiday cocktail party and dinner last week in her home.

Those attending exchanged presents and later made a telephone call to Lucille Voyles, a member member, now residing in Texas.

Each member received an engraved tree ornament, which is a tradition of the chapter. After dinner, the birthday of Ruth Stoyanoff was observed with a cake and gift.

Mrs. Evelyn Tolliver, president, conducted a business discussion. The cultural program was centered on Christmas traditions, with each person describing a special holiday custom observed by her family.

Others present were Bea Brackett, Betty Ebling, Delores Dorch, Dolores Byrnes, Arlene Haldeman, Jane Laule, Lora Lombardi and Pat Tsiglaroff.

SUFFERERS CUTS
Robert Miller, 19, of 2924 1/2 Palmer Ave., was injured in an auto accident and went to St. Elizabeth Hospital here last week for treatment. He suffered a three-inch cut to his forehead, a half-inch cut to his chin and a cut to his tongue. Stitches and x-rays were administered and he was released.

PHILIPPIANS 3:13 "FORGETTING THOSE THINGS WHICH ARE BEHIND."
The year is over. The successes and failures, the ups and downs, the triumphs, the victories, all are behind us now. The new year is uncertain. There is wickedness in high places, nations are forgetting God, evil does wax worse and worse, what are we to do?
First of all, forget those things behind you. They are done, they are over, and can't be undone. Look ahead. Walk with the Christ who never changes, who will never leave you forsake you. The Bible states... "Heaven and earth will pass away, but my word will NEVER pass away." Luke 21:33

NEVER TOO YOUNG TO LEARN. Little three-and-a-half-year-old Karen Loring of Collinsville (front) listens intently as Southern Illinois University at Edwardsville music professor John Kendall gives some special instruction to her during a practice session at the

3 young GC violinists will perform with the St. Louis Symphony

Twenty-five young violinists from the Southern Illinois University at Edwardsville string development program will appear as soloists with the St. Louis Symphony Kinder Concert series in Powell Hall on Jan. 7, 8 and 9.

According to John Kendall, professor of music at SIUE, these students, ages three-and-a-half to 14, will play compositions ranging from the "Vivaldi Concerto in A minor" to variations on "Twinkle, Twinkle Little Star" with orchestral accompaniment.

Granite Cityans to be featured in the Kinder Concert are Kim Asbeck, daughter of Mr. and Mrs. Ronald Asbeck, 3121 Davis Ave., and Troy Moore and Doug Moore, sons of Mr. and Mrs. Richard Moore, 3500 Franklin Ave.

"Performers were chosen on the basis of auditions from approximately 120 children involved in the string development program," Kendall said, "but they are by no means the only ones qualified to make such an appearance."

All of the children in the program play with remarkable skill and musicality.

"It was a difficult job for the auditions to select the number appropriate for the appearance with the symphony."

Kinder Concerts are offered by the St. Louis Symphony to school children of the metropolitan area. Kendall said Symphony Conductor Gerd Schurmann feels that having children perform

university. These children in the SIUE string development program will perform with the St. Louis Symphony Kinder Concert Series Jan. 7, 8 and 9. Kendall directs the SIUE string program.

Officers of midshipmen at Urbana

Midshipman officers to head the Naval Reserve Officers' Training Corps unit in the Urbana-Champaign have been named for the second semester. They include two Granite Cityans.

The appointments were announced by Capt. John W. Orrill, commanding officer of the NROTC unit and professor of naval science.

Heading the students will be James M. Crites, midshipman captain, battalion commander, a student in business administration, son of Mr. and Mrs. Thomas W. Crites, Glenview.

His staff will include: Jeffrey D. Brady, midshipman lieutenant, company commander, student in computer science, son of Mr. and Mrs. Everett F. Brady, 125 Holiday, Mobile Park, and Joseph A. Lanahan, midshipman lieutenant junior grade, battalion recruiting officer, student in chemistry, son of Mr. and Mrs. Leroy F. Lanahan, 2523 Benton St., Granite City.

Midshipmen at UIUC earn commissions as Navy or Marine Corps officers at the same time they earn college degrees.

LOOT MOBILE HOME
Items valued at a total of about \$1,500 were reported stolen from the mobile home of Jesse Ware, 217 Watson St., Eagle Park Acres, at 2:25 a.m. Saturday. Entry was gained by breaking a living room window. Stolen were two television sets, a radio, binoculars, a camera, a sewing machine, a pistol and some clothing.

BAC registration at Granite City Center

Registration will start Monday in the cafeteria at Granite City High School South for Belleville Area College courses to be offered at the Granite City Extension Center at South High School.

Spring semester classes will commence Monday, Jan. 19. Students may register between the hours of 9:30 p.m. and 8 p.m. Monday through Thursday, Jan. 8, according to M. A. Wittevrangel, BAC coordinator at the Granite City Center.

Information concerning the various courses also will be available during the hours of registration.

Courses to be offered for college credits include: Business math; Shorthand I and II; Typing I; Real Estate Transactions; Introduction to Data Processing; Personnel Management; First Line Supervision; Introduction to Business; Accounting I and II; Economics I; Business Law I; Rhetoric and Composition I and II; Introduction to Literature II; Intermediate Algebra; College Algebra; Introduction to American Government; General Psychology; Introduction to Sociology; and Fundamentals of Public Speaking.

General studies courses will feature: Tole and Decorative Painting; GED English, Reading and Constitution; GED Math; Know Your Car; Beginning and Intermediate Sewing; Tailoring; Woodworking and

NOTICE OF HEARING ON proposed zoning change. Notice is hereby given to all parties concerned, that pursuant to Article 22 of Ordinance No. 1735 of the City of Granite City, Illinois, the City Planning Commission will hold a public hearing at 2201 Adams of said City of Granite City, Illinois, at the hour of 1:15 P.M. on the 15th day of January, 1976, at which meeting it will consider a petition for the amendment of Ordinance No. 1735, (being the Zoning Ordinance of said City), as same affects the following-described real estate, to-wit: (Legal description—lot or block, sub-division). Lot 27, Block 5, Ferdinand Place, located in the Southeast Quarter, Section 18, Township 3 Range 9 South of the Third Principal Meridian according to the plat thereof recorded in the County book, in the County of Madison, State of Illinois. Land Use Purpose: For a real estate office. Said amendment would change the zoning classification of the real estate immediately above-described from an R-3 (Single Family) District to a Special Use District. This property is also known as 2537 State. Ruby Arnette, petitioner.

Extension courses scheduled

Registration for general studies courses and college credit courses at the Madison Extension Center of Belleville Area College will be held Monday through Thursday, Jan. 5 through 8. Registration will be held at the Madison High School, Sixth and Farish streets, Madison, from 9 a.m. until 3 p.m. and 6 p.m. until 8 p.m.

Charles R. Steptoe, BAC coordinator for the Madison center, said fees for general study courses will be payable at the time of registration, but fees for college credit courses will be billed at a later date.

He said a general rule for credit courses is a one-time \$10 registration fee, plus \$9 per credit hour, so that a three-hour credit course would cost \$37-\$10 for registration and \$27 for three credit hours. The next course then would cost \$27 since there is no additional registration fee while the student is attending.

Registration will end Jan. 15 for credit courses. That date also will mark the beginning of general studies classes. Most courses will last one semester or 16 weeks, Steptoe said. Ten persons are needed to start a credit class, he added.
Any public aid or welfare client interested in attending classes must make a request to (618) 656-8100 at the Edwardsville office. Senior citizens may attend the classes at reduced cost, and high school seniors may take general studies or credit courses with the consent of the principal of the school.

Steptoe said night care service will be available for children 4 through 9 years of age. The fee receipt for a small fee will be required. A qualified staff will conduct the children's care center from 6:30 to 10 p.m. Children should be registered by Jan. 15.

Steptoe said one free class has been added to the list of general studies courses, "Preparing Your Income Tax," an eight-week course.
Eight college credit courses are being offered, all of which carry college credit. These include art for elementary teachers, business mathematics, accounting I, world civil I, occupational safety and health I, intermediate algebra, college algebra and public speaking. A total of 43 general studies courses also are offered.
Among these are Mid-Eastern dance, beginning and advanced; needlepoint (two eight-week courses); GED English, reading, constitutions; mathematics, know your car; home air conditioning and refrigeration I and II, beginning and intermediate sewing.

tailoring and clothing construction; interior design; upholstery I, II and III; woodworking and furniture refinishing.
Household maintenance for homeowners; beginning and intermediate Spanish; ceramics and sculpture; beginning art; drawing and painting; physical fitness, typing, shorthand, bookkeeping review and office practice.
There also are general studies courses in auto body repair I and II, welding, drafting I, cake and food decorating I and II, auto mechanics I and II, TV radio and repair, appliance repair and small gas engines.
